Hello Family Members!

Our next Family Council zoom meeting is a hybrid meeting: **Thursday June 22 from 7:00-7:30pm**

Join In-person at the Bennett Centre Boardroom OR Join via Zoom

Why Hybrid: We have heard from people that they are not comfortable using Zoom, so Neil will be at the Bennett boardroom at 6:30 pm preparing for the meeting. Zoom will still be used to connect us all together.

Get involved: We need your involvement in the Family Council. 30min of your time 1x / month is very important. Please find the time to join us for this very worthwhile monthly meeting.

Why Attend?

Collective opportunity to safely share experiences and concerns regarding our loved ones living at the Bennett Centre.

We can share any concerns and issues with the Bennett executive, anonymously.

The Bennett executive is always very receptive to any concerns. They will address and correct anything they can in their power. They are obligated to provide a written response for every item we raise.

Family Councils are a government mandated tool to give the family a say in the environment that they want their loved ones to live in.

Even if you are satisfied with the Bennett environment and don't have any concerns, you can still listen to others who might have concerns and share your like experiences. You may be unaware of issues until you hear other family members share their concerns. This is the most important benefit of a Family Council.
