4th
ANNUAL CRUISING FOR CARE CAR SHOW

Continued to strengthen community connections and support future fundraising initiatives.

192
BED NEW LTC HOME DEVELOPMENT PROGRESS

Exciting progress continues as we move forward with plans for our new long-term care home.

BOARD PRESIDENT'S REPORT

BRIAN CLARK
President,
Board of Directors

Our fiscal year ended March 31, 2026 and brought us the news that we have all been waiting for. The announcement, by the Ministry of Long Term Care, that Bennett Village has been awarded the licenses for an additional 32 beds, means we can finally start working towards building our new 192 bed facility. I would like to thank our CEO Jeff Renaud and his team, along with the hard working volunteers who have gotten us to this point. We also appreciate the support we got from MPP Joseph Racinsky, as well as, our Mayor and Town Councillors. All were incredibly helpful in getting this over the line.

I would like to focus a bit on board activity this year. Our year began with 4 new board members joining the team to bring us to 15 board members. **For the first time in my tenure with the board of 7 years, all board members are returning for the upcoming year. This speaks greatly towards the dedication and passion that the board brings to Bennett Village.**

Some activities that the board participated in the past year included Governance training and updating our Strategic Plan at an offsite in September, participation in staff and resident events throughout the year including Christmas parties, CARF launch Barbeque, staff appreciation events, Car Show support and Health Care workers week. Board members also lent their time and expertise to the CARF accreditation process, Union negotiations, and HR assistance when requested. They also participated at events for Gallery residents on planned giving.

I would also like to thank all the volunteers that continue to support Bennett Village. We have many volunteers at the Bennett Centre, many of whom I had the pleasure of meeting at our volunteer appreciation event recently. **Whether you are providing songs and music, a magic show, helping with meals or providing companionship and support to the residents we appreciate what you do. Without you, this home would not feel as warm and welcoming.** We also have many volunteers at the Gallery, arranging social events, gardening or serving on the Residents Committee, your work is also appreciated to make the Gallery a great place to live.

I would also like to thank the staff who work tirelessly day in and day out to continue to keep our home at the top of the list for residents who are looking for long-term care. From Jeff to his senior management team to all the front line staff who treat our residents like family, thank you for all you do.

We have a very challenging year ahead, but **we are confident that we have the staff, board, and volunteers to meet the challenge of moving ahead to the next phase in our process in building our new home.**

MESSAGE FROM THE CEO

JEFF RENAUD
Chief Executive Officer

Over the past year, the hot topic has been Artificial Intelligence and best practices for incorporating this tool into Long-Term Care organizations. And while Bennett Village has worked to employ AI to provide meeting minutes support, we are definitely a ways off from seeing AI replace our most valuable resource – our frontline team members!

The fact of the matter is that we would be hard pressed to replace hyper-human soft skills such as empathy and kindness in the provision of day-to-day care. A computer program cannot provide the warmth and compassion that our residents and stakeholders have come to know, trust, and expect from our team.

This care recently culminated in the awarding of our 5th, 3-year Accreditation award from CARF Canada. We were also honoured by the Halton Hills Chamber of Commerce as Business of the Year (10+ employees). To all of our team members who make this possible, from family council, board members, volunteers, and especially to our wonderful staff - I say humbly, thank you.

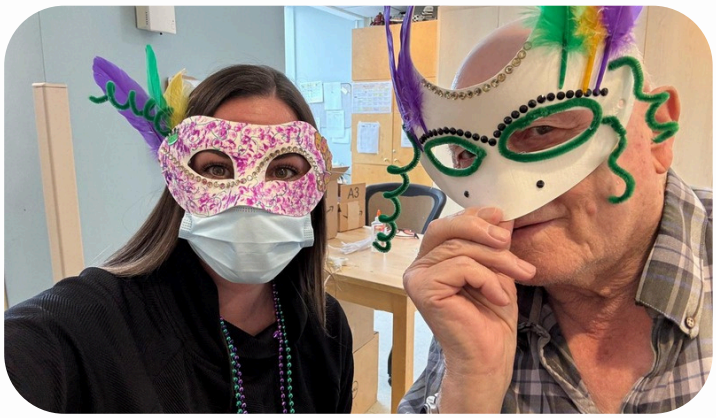

Perhaps, the most important event of the past year, was the Ministry award of 32 additional beds to the new Bennett Village development project! This fantastic news helps us to move forward with working drawings for a 192-bed build, site applications, Lender agreements, and finally a Development Agreement. **We are excited to see progress being made and we are receiving congratulations and lots of enthusiasm from many community members.**

Another important goal for the past year has been the renewal of both the Board of Directors' Strategic Plan, which in turn has helped to guide the senior leadership's strategic action items. One goal of critical importance to me, has been to work at creating a greater degree of cross-functional ability across the team. **Having leaders that can understand and support each other's departments will help Bennett Village in the preparation for a new home that triples in both size and scale.**

As we move into the summer season, I want to take a moment to thank our stakeholders for supporting Bennett Village. Summer offers a great opportunity to strike a balance between achieving our goals and taking time to recharge. I hope you find time to step away from your screens, soak up the sun, and enjoy the season with loved ones.

Jeff Renaud

BUILDING THE FUTURE
Development Committee Report

The Development Committee continued to **advance the planning and approvals for the new 192-bed Class A Long-Term Care Home adjacent to The Gallery**, supporting Bennett Village's vision of a comprehensive Village of Care for seniors in Georgetown.

The Ministry provided conditional approval for the expanded 192-bed scope following the submission of revised drawings. **Final construction drawings were completed in late 2025 and early contractor engagement began in Q1 2026 to validate project costs and refine scheduling.**

Chief Executive Officer Jeff Renaud has continued to play a central role in accelerating approvals, coordinating stakeholder engagement, and strengthening project governance.

Over the coming 12 months the Committee's priorities are to finalize outstanding permits, issue and award construction tenders, accelerate major-gift solicitations, continue Francophone stakeholder engagement to finalize program details for the dedicated wing, and maintain clear monthly reporting to the Board.

The Committee thanks the Board, Bennett Village leadership, staff, volunteers, municipal partners, and donors for their ongoing support and looks forward to advancing site mobilization and construction readiness through 2026.

QUALITY & ACCOUNTABILITY
Continuous Quality Improvement Committee Report

The Continuous Quality Improvement (CQI) Committee is pleased to continue to support the Bennett Centre's unwavering commitment to quality care. The CQI Committee collaborates with the leadership team throughout the year to monitor and evaluate the home's resident care policies and procedures, with a strong focus on continuous quality improvement.

Bennett Centre management and staff remain committed to ensuring quality resident care is a top priority and this was demonstrated throughout the year with many quality initiatives and milestones.

The home was awarded a new 3-year Accreditation award by the Commission on Accreditation of Rehabilitation Facilities (CARF) Canada. Since January 2025, there have been no respiratory or other medical outbreaks in the home, demonstrating highly effective infection protection and control practices. This outstanding accomplishment was also confirmed through the Ministry of Long-Term Care (MLTC) home inspection that took place in November 2025. No issues with the quality of resident care were identified and the leadership team was commended on their infection control procedures.

The results of the resident and family survey indicated **satisfaction ratings exceeding 90%** for the quality of nursing, medical, and PSW care, as well as, for resident safety and security. High scores were also achieved in communication and in treating residents with dignity and respect.

To maintain a high standard of quality care, the leadership team placed a strong focus on increasing staffing levels and successfully exceeded the MLTC's target of providing 4 hours of direct care per resident per day. A reduction in reliance on agency staff has also contributed to providing consistent resident-centered care. Finally, **the average score for resident engagement in social programs reflects a high level of participation, demonstrating the leadership team's strong commitment to supporting residents' emotional well-being, as well as, their medical care.**

The CQI Committee is pleased to continue to support the leadership team's focus on quality initiatives in the coming year. To support inclusive resident care and cultural diversity, the leadership team has committed to completing Indigenous cultural competency education.

Education sessions will also be provided to staff on the medical and nutritional needs of residents who are entering palliative care, and will include guidance on how to effectively communicate with and support residents and their families throughout the palliative care process. To continue improving resident satisfaction with meals and the overall dining experience, the leadership team has committed to strengthening communication with residents through regular meetings seeking resident feedback. Efforts will focus on increasing meal variety and ensuring residents' preferences are considered in menu planning and dining room seating plans.

Building on positive resident engagement scores, the leadership team will develop personalized recreation plans, in collaboration with each resident and their family, for any residents who may be at risk of social isolation.

The CQI Committee appreciates the dedication of management and staff who continue to demonstrate a strong commitment to continuous quality improvement, ensuring high quality care is provided to all residents. We look forward to another year of positive results as the Bennett Centre continues to develop and grow.

DELIVERING OUTSTANDING CARE
Nursing Report

Over the past year, the Nursing Department has remained committed to delivering high-quality, compassionate, and person-centered care to all residents. **Through collaboration, education, and continuous quality improvement initiatives, our team has continued to strengthen clinical practice and enhance the resident and family experience within our home.**

A major focus this year has been the review and updating of nursing policies and procedures to ensure alignment with current best practices, regulatory standards and evidence-based care.

The department also continued to support several Quality Improvement initiatives focused on palliative and end-of-life care. These initiatives have further strengthened our commitment to compassionate, person-centered care and supporting residents and families throughout the end-of-life journey.

The Bennett Centre has one of the highest staffing ratios in long-term care, reflecting our commitment to providing exceptional resident care and ensuring residents receive the attention, support, and clinical oversight they deserve. Our strong staffing complement allows staff to build meaningful relationships with residents and families while supporting quality outcomes and individualized care.

We continue to welcome many nursing students into our home through our ongoing academic partnerships. Our collaboration with Registered Practical Nursing (RPN) programs has provided students with valuable clinical learning opportunities while fostering mentorship, professional growth, and recruitment opportunities for the future healthcare workforce. Staff across all departments played an important role in supporting student learning and creating a positive educational environment.

The Nursing Department would like to thank all team members for their continued dedication, professionalism, and commitment to excellence in resident care.

Jenny Steward
Director of Care

Alison Agnew
Assistant
Director of Care

ENRICHING DAILY LIFE
Recreation & Volunteer Services Report

The Recreation Department continued to support resident quality of life through meaningful engagement, social connection, and inclusive programming.

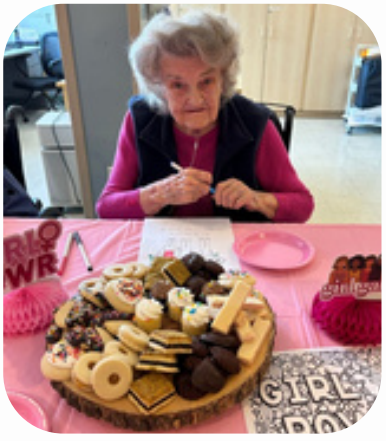

Daily activities included exercise classes, music programming, cognitive games, social events, and individualized one-to-one resident support.

Volunteer involvement remained an important component of the department's success, assisting with programs, religious services, gardening initiatives, and resident companionship. The department will continue to expand individualized programming and community engagement opportunities in the coming year.

Rachel Pearce
Recreation & Volunteer Coordinator

FINANCE & AUDIT
Committee Report

The Finance & Audit Committee (FAC) of the Board of Directors, oversees financial management, reporting, and external audit for Bennett Village. The committee meets regularly to review financial performance and forecasts against budgets, to review policies related to finance, and other matters. The committee works with the auditor to set the annual audit plan and review the audit report and findings.

Highlights:

- Approved annual operating budgets.
- Undertook an in-depth review of Bennett Village's insurance coverage with the objective of maximizing asset protection while reducing the current financial impact.
- Supported financial matters for the new long-term care home development project.
- Updated the FAC Terms of Reference to reflect current Committee responsibilities.
- Fine tuning key performance metrics used to monitor Bennett Villages' financial health to ensure compliance with best practices and government standards.

FINANCE
Department Report

Following the successful implementation of NetSuite in the previous fiscal year, the Finance team worked to resolve post-go-live issues of NetSuite, refined workflows, and focused on automating manual tasks to increase productivity and reduce errors. The Finance team aims to maximize the value of the implementation while ensuring the platform aligns with evolving business requirements and future growth objectives. The implementation of NetSuite has allowed for increased visibility and detailed reporting for our Finance Audit Committee. The monthly financial package supports a meaningful financial review at the monthly FAC meetings.

Another major focus in the past year was the re-implementation of the payroll scheduling software Staff Schedule Care. **This project helped streamline scheduling and staffing coordination processes while improving visibility into staffing levels and labour-related costs, resulting in greater operational efficiency and more effective workforce management.**

Janet Messervey and Kathy Godding are happy to celebrate their respective 1-year anniversaries with Bennett Village and are looking forward to the fiscal year ahead.

Janet Messervey
Director of Finance

Kathy Godding
Financial Analyst

NOURISHING HEALTH & CONNECTION
Nutrition Services Report

The Nutrition Services Department continued to provide nutritious, safe, and enjoyable dining experiences tailored to the unique needs and preferences of our residents. **Key areas of focus throughout the year included therapeutic diets, menu planning, interdisciplinary collaboration, quality improvement initiatives, resident engagement, and maintaining compliance with all nutritional and food safety standards.**

The department's refreshed Spring and Summer Menu features a wider variety of seasonal selections, enhanced resident choice, and updated dining options designed to support both nutritional well-being and enjoyment at mealtimes.

Residents have responded very positively to the new offerings, expressing appreciation for the increased variety, improved flavors, and enhanced presentation. The seasonal menu also includes an abundance of fresh fruits and salads, which residents have especially enjoyed during the warmer months.

In addition, several new recipes were introduced to the menu, quickly becoming resident favourites, including Chicken à la King, Creamy Meatball Stroganoff, Pork Bacon-Wrapped Medallions, and many other delicious home-style selections.

The department remains committed to enhancing resident wellness and quality of life through exceptional food service, meaningful resident feedback, and responsive dining experiences that support both health and enjoyment.

Chesha Kukkar
Nutrition Manager

SUPPORTING EMOTIONAL & MENTAL HEALTH
Behavioural Supports Ontario Report

The Behavioural Supports Ontario (BSO) program at Bennett Village continues to provide person-centered care to residents experiencing, or at risk of, behavioural and psychological symptoms related to dementia, mental health conditions, substance use, and neurological disorders.

Over the past year, the BSO team has expanded its scope to include psychosocial support for residents with limited or no family involvement. This has improved access to community resources, enhanced quality of life, and reduced risks associated with social isolation and unmet emotional needs.

Through strong interdisciplinary collaboration, targeted staff education, advancement of the Antipsychotic Reduction Program, and a sustained focus on person-centered care, the BSO program has contributed to improved behavioural and emotional outcomes, enhanced resident well-being, and a reduced reliance on psychotropic medications and critical incidents.

The BSO team remains committed to maintaining a safe, supportive, and therapeutic environment for residents with complex behavioural and emotional needs. Moving forward, priorities include continued support for residents with responsive behaviours and emotional disorders, strengthening emotional and psychosocial interventions, expanding staff education and capacity-building initiatives, and promoting mental health awareness across the organization. The BSO team acknowledges the ongoing support of the organization, which remains important to sustaining program success and advancing quality care for residents.

Elizabeth Mantey
BSO Lead

SUPPORTING INDEPENDENT LIVING
The Gallery Governance & Maintenance Report

The Gallery Governance Committee is pleased to acknowledge the tremendous progress achieved over the past year in maintaining and enhancing our community at The Gallery. This has been the first full year with the Property Manager role brought in-house, and the results have clearly demonstrated the value of this strategic decision. **Day-to-day operations have become more efficient, communication has strengthened, and the high standards expected by our residents have been consistently upheld.**

We extend our sincere appreciation to our Property Manager, Jean Cherwaiko, and to our dedicated staff, Ryan and Thess, who's professionalism and commitment have been instrumental in ensuring The Gallery remains a premier residence for active senior living. Their efforts, supported by many volunteer residents, have contributed greatly to the vibrancy and cohesion of our community.

Throughout the year, the team successfully completed several key improvement projects that enhanced both the functionality and long-term sustainability of our building.

Highlights:

- Garage mastic topping to improve surface protection, safety, and cleanliness.
- New patio trellis to elevate outdoor enjoyment and add aesthetic value.
- Interior painting to refresh shared spaces and preserve interior finishes.
- Stairwell roof repair to address water infiltration and ensure structural reliability.
- Games room upgrade to modernize the space and better support recreation and social engagement.

Following the successful multi-year contract with Bell Canada last year to place cell towers on The Gallery roof, one of the most significant accomplishments this year was **securing a new contract with Bell Canada to provide TV and internet services for all residents. This agreement delivers reliable, high-quality service at a substantially improved price point, resulting in meaningful savings for residents. It stands as one of the most financially beneficial initiatives implemented in recent years.**

The Governance Committee is proud of the exceptional work carried out by our staff and volunteers. Their dedication reflects a shared commitment to excellence and aligns strongly with Bennett Village's mission, vision, and values. We look forward to continued collaboration as we support The Gallery's ongoing success and ensure it remains a thriving, welcoming community for all residents.

Larry Nolevski

CREATING SPACES TO THRIVE
Environmental Services Report

This past year has been one of continued growth, progress, and positive change within the Environmental Services Department at Bennett Village. Our team has remained committed to providing a safe, comfortable, and well-maintained environment for our residents, staff, families, and visitors.

A key accomplishment this year was the **implementation of an enhanced preventative maintenance program, allowing our team to take a more proactive approach to building operations, equipment performance, and overall infrastructure reliability.**

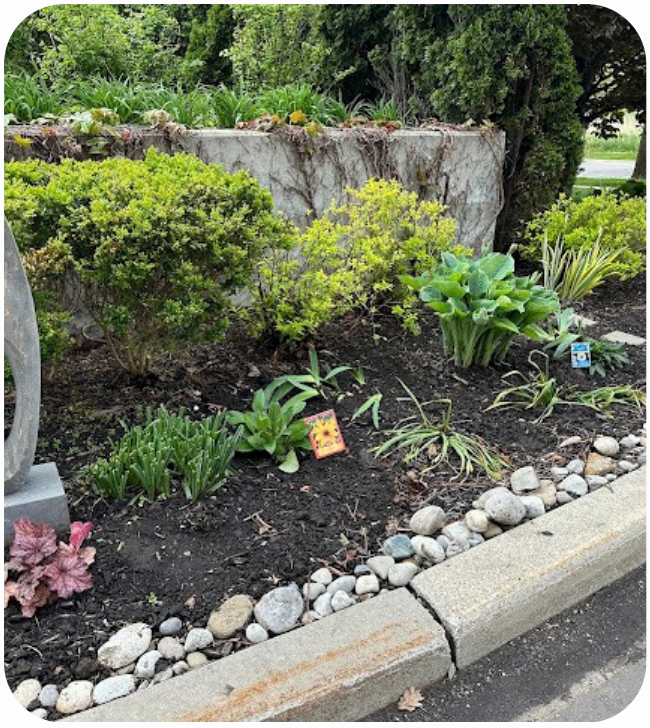

Our department heads have also come together to remain focused on safety by revitalizing the previous Joint Health & Safety Committee (JHSC) with monthly inspections helping to maintain regulatory compliance and ensuring continued readiness for inspections, helping uphold the high standards expected throughout our organization.

This year also brought meaningful growth within our maintenance team, with increased staffing stability and continued team development strengthening our ability to respond effectively to the day-to-day needs of the home. I am incredibly proud of the dedication, professionalism, and teamwork demonstrated by our staff throughout the year.

In addition to supporting ongoing operations, **our department has continued to play an active role in the planning and development of the new long-term care project, which is progressing well and gaining strong momentum. It is exciting to be part of a project that will help shape the future of care within our community.**

I would like to sincerely thank our team, leadership, and all departments for their ongoing collaboration and support in helping us create a safe and welcoming environment for everyone at Bennett Village.

Ryan Neeb
Director of
Environmental Services

STRENGTHENING COMMUNITY SUPPORT
Marketing & Fundraising Report

The Marketing and Fundraising Department plays an important role in strengthening awareness of Bennett Village, building meaningful relationships with donors and community partners, and supporting the organization's long-term success and sustainability through fundraising and stewardship initiatives.

While my journey with Bennett Village began just a few months ago, in that short time I have developed a deep appreciation for our residents, the dedicated staff who provide exceptional care, and the many volunteers whose contributions enrich daily life within our home.

As we look toward the future, it is essential that Bennett Village is recognized throughout our community as a safe, compassionate, and trusted place where seniors can age with dignity and purpose. Equally important is ensuring that our organization is viewed as a meaningful and worthy recipient of philanthropic support. Building awareness, trust, and engagement within our community is fundamental to the success of our fundraising efforts.

Over the past year, we have taken significant steps to strengthen and align the Bennett Village brand, creating a more cohesive and recognizable presence across our community. This includes **initiating the redesign of our social media platforms and website, which will help ensure that Bennett Village is presented as a modern, welcoming organization. These enhancements not only support our fundraising objectives but also foster a greater sense of connection and confidence among residents, families, volunteers, and community partners.**

As we seek support for the future of Bennett Village, we recognize that every gift represents an expression of trust and generosity. We do not take this responsibility lightly. This year, we enhanced our donor stewardship practices to ensure that every donor receives meaningful recognition, transparent communication, and sincere appreciation. By strengthening accountability and stewardship, we continue to build lasting relationships and inspire confidence in our mission.

Through community outreach initiatives, partnerships, special events, and the continued success of Cruising for Care, our Annual Classic Car Show, **Bennett Village is strengthening its connection with the communities we serve. Our longstanding reputation for exceptional care remains the foundation of all that we do.** With each new initiative, we continue to elevate Bennett Village as a leader in senior care, an employer of choice, and a cause worthy of philanthropic investment.

Together, we are building awareness, fostering relationships, and creating a strong foundation for the future of Bennett Village.

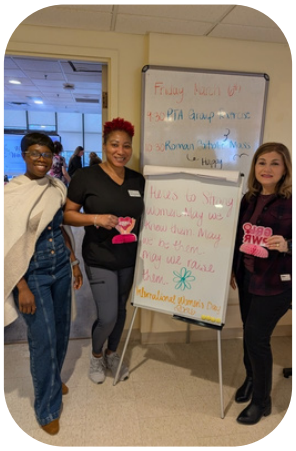

Erin Kelly
Director of Development

"When we give cheerfully and accept gratefully, everyone is blessed."

- Maya Angelou

VOLUNTEER SPOTLIGHT:
Pamela McClure

For the past 7 years, Pamela's dedication has made an extraordinary impact at Bennett Centre through her unwavering commitment and compassionate service. She generously supports a wide range of programs and initiatives, including Bingo, Men's Breakfast, clothing audits, clothing labelling, Christmas donation organization, and friendly visiting. **Her willingness to step in wherever help is needed, combined with her genuine care for residents, consistently enhances the quality of life within our home.**

Whether she is organizing donations, ensuring residents' belongings are properly labelled, or spending time providing companionship, she always goes above and beyond. Her reliability, kindness, and dedication make her an invaluable member of the Bennett Centre community.

We thank Pamela and all of our wonderful volunteers for their time, dedication, and un-waivering care of our residents.

To learn more about volunteering opportunities, please visit our website.

CLOSING MESSAGE
Thank You

Bennett Village extends sincere appreciation to residents, families, staff, volunteers, donors, and community partners for their continued support throughout 2025-2026.

This past year has been marked by important milestones, achievements, and exciting progress toward the future of our organization. From receiving approval for the 32 additional long-term care beds, to achieving our 5th consecutive CARF accreditation award, and being awarded the Halton Hills Chamber of Commerce Business of the Year Award (10+ employees), the accomplishments highlighted through this report reflect the dedication, compassion, and collaboration of our entire community.

Through our shared commitment to excellence, Bennett Village continues to grow as a vibrant and caring community dedicated to enriching the lives of older adults.

Thank you for being a part of the Bennett Village story.
